Confirm Email

Social Security Number

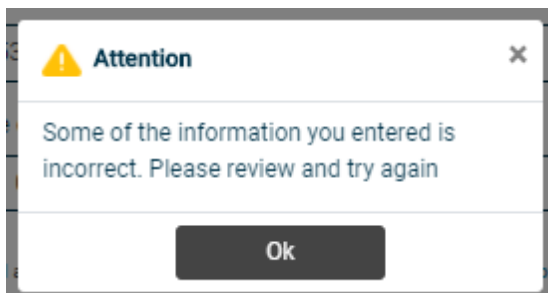

Postal Code

Home Phone Number

I acknowledge and agree I have read the terms of the [HB Disclosure](#)

Sign Up Cancel

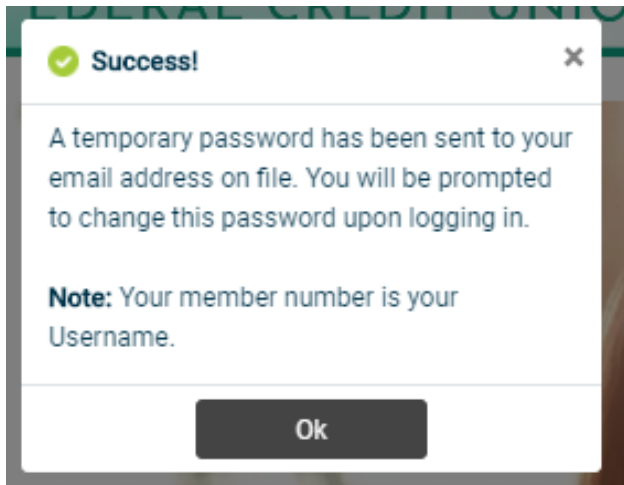

NOTE: If your information does not match what is on file at the credit union, you will get an error message.

STOP! If you get an error message, and you are certain that the information being entered to enroll is accurate - you will need to contact the credit union so that we can correct your information before you can proceed.

Receive a temporary password via email

If the information you entered matches the credit union data on file – once you click on the “sign up” button – you will receive the following pop-up and be sent back to the front page.

Check your email inbox for your temporary password. The email will look like this.
NOTE: if you do not receive this email, check your spam folders.

Home Banking Administrator <noreply-msdhsfcu@onlinecu.com>

Home Banking Alert

This is an alert message from the Home Banking System.

Please logon and change your password.

Thank You
System Admin

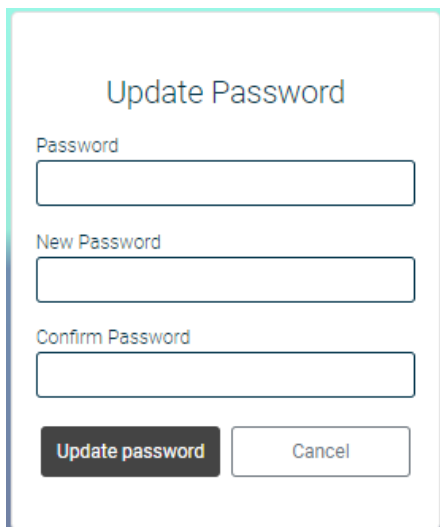

Your new password is: 6433164

Choose a New Password:

Using your member number for the username and the temporary password sent to your email, you should log back into home banking.

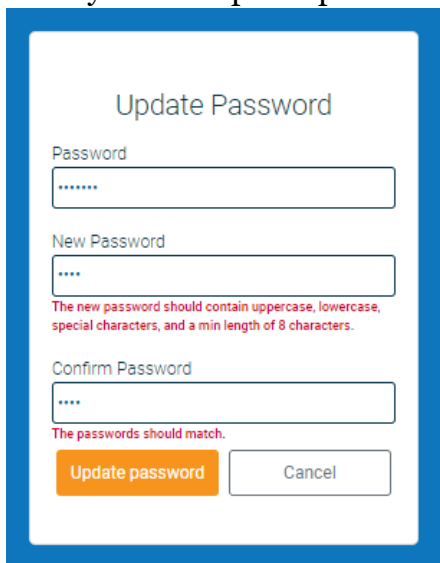

<https://bsdc.onlinecu.com/wwrfcu/#/>

This will now prompt you to update your password. The new password should contain Uppercase, Lowercase, Numbers, Special Characters, and a minimum length of 8 characters.

The screenshot shows a web form titled "Update Password". It contains three input fields: "Password", "New Password", and "Confirm Password". Below the fields are two buttons: "Update password" (highlighted in black) and "Cancel".

Should the new password not meet the security standards, you will get this message when you hit "Update password"

The screenshot shows the "Update Password" form with error messages. The "Password" field contains "*****". The "New Password" field contains "****" and has a red error message below it: "The new password should contain uppercase, lowercase, special characters, and a min length of 8 characters." The "Confirm Password" field contains "****" and has a red error message below it: "The passwords should match." The "Update password" button is highlighted in orange.

Choose Security Questions

Once your password is selected, you will need to answer a series of three authentication questions and select a “confidence word. Select the arrow next to each question to find a choice of different authentication options. After selecting the desired question, please input your desired answer.

- If you log-in from another computer, the system will make you answer one of your Authentication Questions to verify you.
- Confidence Word:** This is a word or phrase that will show on the log-in screen to let you know that you have come to the authentic site for Home Banking.

Security Questions

What is the name of your first pet? >

Where did you meet your spouse for the first time? >
